

Mavis Beacon Teaches Typing® Platinum for Schools

Grades 3- Adult

Designed Exclusively For Schools

Mavis Beacon Teaches Typing Platinum for Schools provides dynamic one-on-one keyboarding instruction and assessment that adapts to individual student needs at all levels. Students improve their keyboarding speed and accuracy through Mavis's customizable lessons, challenging drills and a collection of engaging, skill-building games.

Through personalized exercises and instant feedback, Mavis provides effective, one-on-one instruction.

Engaging arcade-style gaming makes practice fun.

The Custom Lesson Designer makes it easy for teachers to create focused lessons based on student and class data.

Developed With Teachers In Mind

Mavis Beacon Teaches Typing Platinum for Schools features a state-of-the-art Teacher's Area, designed for ultimate ease-of-use and customization. Classroom management and progress tracking utilities make it easy for educators to manage data and ensure students improve quickly.

Comprehensive & Flexible

- **Dynamic personal instruction** with grade and skill-appropriate lessons match your students' needs
- **Extensive tracking & reporting** enables teachers to track progress of each individual student and monitor class and school-wide progress.
- **16 engaging games** keep students entertained while helping to develop speed, accuracy, rhythm and/or endurance
- **Rich variety of content** in the Practice Area, including 50 practice sessions exclusive to *Mavis Beacon Teaches Typing Platinum for Schools*
- **Redesigned 'Custom Lesson Designer'** makes it easy for teachers to create practice sessions for students by editing existing content or importing entire lessons from external documents
- **English and Spanish language instruction** ensures that ELL student needs are addressed
- **Intuitive interface** makes program navigation easy and engaging
- **Full support for both PC and Mac operating systems** including *Works with Windows Vista®* and *Mac® Universal certification*

Mavis Beacon Teaches Typing® Platinum for Schools

KEY FEATURES	KEY BENEFITS
Dynamic Personal Instruction that draws upon extensive database of age & skill-appropriate content tailored to match each student's individual skill-level and progress	Lessons synchronize with student need areas, offer guidance and positive encouragement
Custom Lesson Designer allows teachers to create their own typing practice sessions by editing existing content or importing new content	Create student or class-specific practice content to focus on specific learning requirements. Allows for a cross-curricular experience by importing content from other subjects and curriculum to reinforce learning while practicing keyboarding skills.
16 engaging and skill-building games (including 6 new games)	Strengthens typing accuracy, speed, rhythm and endurance while providing engaging alternatives to practice drills
On-Screen Hands display	Demonstrates correct finger position for each keystroke
Bilingual instruction; On-Screen and Audio keyboarding instruction in English or Spanish (lesson content in English)	English and Spanish-language instructions help native Spanish speakers focus on improving keyboarding skills
Extensive Tracking & Reporting Capabilities	Teachers track individual and class, or schoolwide performance and print progress reports
Class-wide controls within Teachers' Area for printing and sound	Teachers have more control over classroom experience
Import and export class lists	Speeds class set-up, student log-in and administration
Export student data	Spreadsheets allow teachers greater flexibility and data analysis
Teacher Resource CD with extensive classroom lessons and practice content, including transcription and dictation exercises	Extends learning and develops language skills
