

The Print Shop® Deluxe for Schools

Grades 1-12

The Complete And Easy Way To Create Impressive Classroom Projects!

The Print Shop Deluxe for Schools is a powerful and engaging tool for creating professional looking projects such as posters, newsletters, banners, calendars, and more. Designed especially for the classroom, students are empowered with real-world desktop publishing experience and build skills in organization, writing and editing.

Inspire Creativity, Communication & Learning

- **Project Templates**– 60+ template types provide options for any classroom project
- **Extensive Content Library**– 20,000+ pre-designed projects and 310,000+ classroom appropriate graphics and images
- **Powerful Design and Layout Tool**– Wide variety of shapes, text, color and layout tools create the perfect project
- **Photo Editor**– Provides easy editing and exciting visual effects
- **Bright, Brilliant Printing**– Tested with all leading printer brands
- **Flexible Publishing Options**– Support for multiple publishing formats, including PDF, JPG, Self-Running Executable and HTML

Developed For Classroom Use

The Print Shop Deluxe for Schools contains exclusive content, project templates and features only available to Schools.

The extensive Art Gallery is hosted on a dedicated server accessed directly from within the product. All links to the Internet have been removed from the application, allowing for a completely classroom-friendly experience.

Teacher Resource CD

The Teacher Resource CD is included with 56 cross-curricular lesson plans for grades 1–12, reproducible blackline masters, a comprehensive User's Guide, Curriculum Matrix, activity ideas, and "Around the School" extra-curricular projects.

Learning Benefits

- Builds skills in organizing, writing, and editing
- Develops skills in illustrating and communicating ideas
- Provides real-world experience in desktop publishing
- Promotes proficiency in photo and image editing
