### Revive your old LP & Cassettes with "Spin It Again"

May 2006

Are you like me and have old LPs you never had the heart to let go? Am I glad I didn't. "Spin It Again" works! It is simple and the sound is wonderful. Use a small cable to connect your cassette or turntable to your computer sound card, the software will do the rest. It will even walk you through the connections with pictures and voice over. Put teaching cassettes on CD and remove the hiss & background noise with a variety of cleaning tools. Remove pops and cracks from LPs. Click the link below...
